ONLINE ACCOMMODATED EXAMS

For all online exams, instructors must add the student's testing accommodations to the online platform (Canvas, Respondus, etc.) being used to facilitate the exam. The Disability Resource Center does not proctor exams utilizing third party proctor systems including Honorlock or Proctor U. Please contact the DRC Testing Office if you have any questions or concerns about facilitating testing accommodations online.

PROCTORING INTEGRITY

The DRC Testing Office upholds national standards for testing integrity. Each testing room in the DRC is monitored by Closed Circuit surveillance cameras. If a student is seen with unauthorized materials or devices on the surveillance cameras, we take screenshots for record. We then inform the instructor of the incident. The consequences of the academic dishonesty are left up to the instructor.
